## AR Citygame - Casa de Dinero

🕒 2 - 2,5 hours 👥 10 - 250

This AR City game is based on the popular Netflix series **La Casa de Papel**. Feel like a real bank robber and, together with your team, let 'El Professor' lead you. This professor challenges you to steal money from the Belgian National Bank.

By solving challenging puzzles and riddles, you make your way through the bank and reach your goal together as a team. Time is ticking. Will you get the catch?

**Stress resistance, eye for detail, team spirit, creativity and speed** are just some of the characteristics your team will need to get as much money as possible. But will the participants be able to handle the tension?

## AR Citygame - Casa de Dinero

🕒 2 - 2,5 hours 👥 10 - 250

Per team, you receive a **tablet** and have a **backpack with attributes** you need to solve all the riddles together. This game contains 16 challenges in total. It is up to you to complete these challenges as well as possible with your team. Each challenge takes you one step further in El Professor's Master Plan.

Using **AR technologies**, you work in the real world, but with virtual elements. Follow the **GPS route** on the tablet, answering crafty riddles and questions. Collect the necessary information and put it together with the other game attributes you received. In this way, you need to make your way to the safe, which you can hopefully crack. After that too, the catch is up for grabs.
