# Team Town

## Team Town

🕒 2 - 3 hours    👥 20 - 200

Welcome to this 100% **unique business game**. Imagine an imaginary city, a metropolis where everything is as it should be. A fresh start for everyone. That's exactly what you and your colleagues will be designing today.

A metropolis is a complex system. A liveable city takes into account the overall concept as well as the details. Living and working, transport, the location of parks, schools, hospitals and so on.

**Your mission?** Look to the future and create the ideal city.

Each team builds its **own specific district**, taking into account the general requirements of the city.

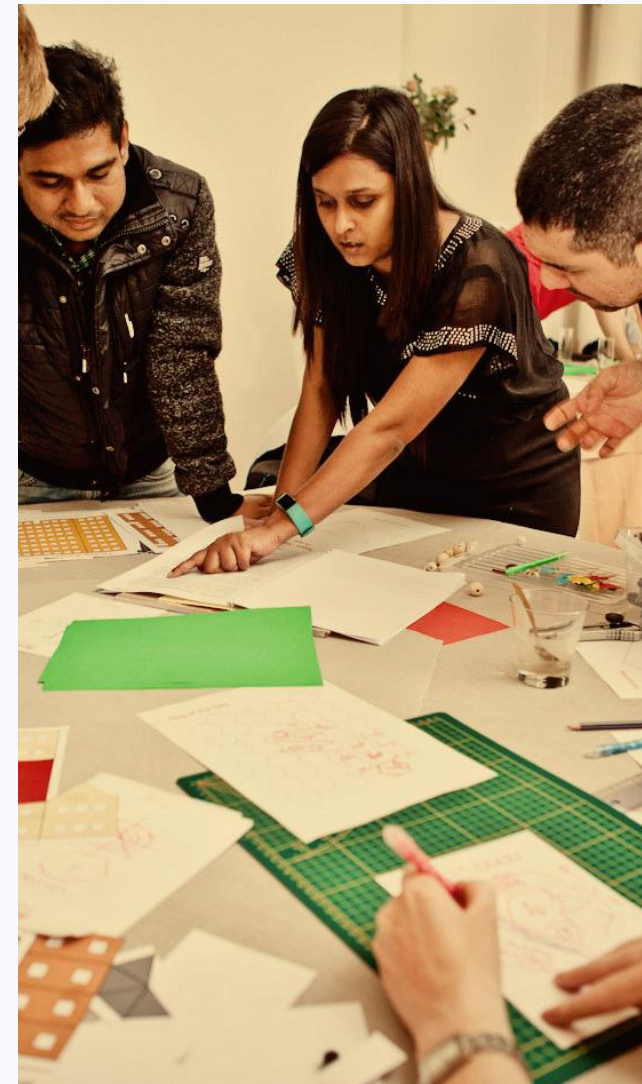

## Team Town

🕒 2 - 3 hours    👥 20 - 200

**DON'T ASPIRE TO BE THE BEST ON THE TEAM**  
**ASPIRE TO BE THE BEST FOR THE TEAM !**

## Team Town

🕒 2 - 3 hours    👥 20 - 200

You'll need to jointly develop **a single, overarching vision** that all participants and districts can agree on, planning the infrastructure, creating a harmonious whole, etc.

Everyone is important and contributes, **just like in your company**. The more participants, the more diverse and unique your city will be.

During the grand finale of the event, **the various districts will be combined** into one large city.

And then it's time to raise our glasses to the prosperity of your inhabitants and your city – lit by hundreds of lights!

## Team Town

🕒 2 - 3 hours    👥 20 - 200

# CREATIVE PEOPLE BUILD STRONG BUSINESSES !

Companies choose Team Town if they're looking for a more complex activity. In Team Town, each team builds its own city district, taking into account the city's general requirements.

Working out one vision together in which everyone and every district agrees, planning the infrastructure, creating a harmonious whole: everyone is important and contributes, just like in your company. The more participants, the more diverse and unique your city will be!

## Team Town

🕒 2 - 3 hours    👥 20 - 200
